When submitting content that falls within these categories: (1) be sure to give your piece/work a title or headline (something to catch reader's attention). (2) Write the first and last name(s) of everyone who worked on the piece and their school(s) below the title. (3) Place the body of your work below the name(s) and make sure it reads how you intended (proofread). (4) We strongly encourage using 1 image/photo to accompany your piece. You'll need to cite and give credit to the creator (photo by: James Smith of TEEN VIBE), or the source where the image is from. (5) Do your best to make a genuine connection with your readers and lead them to new ideas, possibilities, and/or conversations. (6) Provide us basic instructions for how you'd like your piece to look in the newsletter, a basic theme like cooking, music or a color for example. This helps the designers make your piece stand out. (7) Email your work to TEEN VIBE's and write "**Written Work**" in the subject line.
